EMERGENCY PREPAREDNESS – Be ready to shelter in place.
Be ready to evacuate.

- Identify two emergency exits in case one is blocked, and pick a spot outside the home where members of the household should meet.

- Prepare family contact plan.

- Review the plan regularly with family members.

- Turn on battery operated or wind-up radio for emergency information. Emergency alerting system radio stations: WKDN – 106.9 FM, WBZC – 88.9 FM, WFPG – 96.9 FM, WWJZ – 640AM

- Attempt to call Samaritan Healthcare & Hospice at **1-800-229-8183** or any phone problems call 1-866-771-7084 for status update.

- A Samaritan Healthcare & Hospice Representative will attempt to contact you; if you require immediate assistance, contact 911.

- You should try to make arrangements to be self sufficient for up to 72 hours. Recommendations to consider include: a supply of water (one gallon per person per day), non-perishable packaged or canned food including a non-electric can opener, prescription medications, first aid kit, flash light, batteries, cell phone.

- Each municipality has an Emergency Management Plan. If necessary, their representative may contact you on behalf of Samaritan Hospice.

- Have at least ½ tank of gas in car at all times. Keep all phones charged.

- Prepare "Go Bag" in case of need to evacuate:
  - Important documents in water proof bag (including family contact plan)
  - Cash
  - Personal hygiene items, medications, batteries, flashlight, radio, phone
  - Warm clothing
  - Bottled water and non-perishable food (granola bars)
  - First aid kit
